

## U. S. OBJECTS TO ALLIED SETTLEMENT OF FIUME

Not Reconcilable to  
Fourteen Points of  
Wilson

### NOTE SENT TO ALLIES

WASHINGTON, Feb. 16.—(By The Associated Press).—Decided objection to recognition of a settlement of the Adriatic question on lines repugnant to those agreed upon in the treaty of Versailles and not reconcilable with the principles embodied in the fourteen points of President Wilson's policy was expressed by the United States in the recent note to the allied governments. The note was not a threat to withdraw from participation in European affairs, but was officially stated at the White House but said that this country could not be a party to this disposition of Fiume as agreed upon by the allied powers without consulting the United States and consequently would not concern itself with the questions involved, including the policy of the Adriatic, if the settlement were enforced on the government of Yugoslavia.

The next step of the Washington government waits on the reply of the allied premiers to the American note. The suggestion was made in official quarters that the United States might cease its European relief work which the allies have been anxious to continue, should they continue to keep down unrest if a modification of the treaty were put into effect if the United States did not agree.

The facts which influenced the department of state in framing the new American note were as follows:  
Dec. 9, last at a meeting of the supreme council in Paris, a settlement of the Adriatic question was agreed upon which to become effective required acceptance by both the Italian and the Yugoslav government. The basis of this in brief was the creation of a buffer state of Fiume and adjacent territory and America, as represented by Under-Secretary Polk, was a party to the arrangement.

After the withdrawal from Europe of the American peace commissioners and while the Adriatic issue was still a subject of discussion between the principals a meeting was held in London of the entente premiers, Lloyd George, Clemenceau, and Nitti, and an entirely new plan was drawn up without participation by America and forwarded in the shape of an ultimatum to the Yugoslav government.  
The basis of this was the recognition of Italy's title to much of the eastern coast of the Adriatic and Dalmatia and there were other substantial additions to Italian claims which did not agree in principle with the original understanding.

The latest American note was in the nature of a protest against this method of procedure. It was an ultimatum or a threat but pointed out that if persisted in this would leave the United States in the position of being expected to ratify a treaty which confirmed boundary lines beyond readjustment which it already declared to be wrong. And furthermore, it was recalled that this latest move had been made by the premiers without consultation or advice from the Washington government, that this country would be bound to abide by the results should it ratify the treaty.

**Note Surprises London.**  
London, Feb. 16. (By The Associated Press).—President Wilson's note to the peace conference on the Adriatic question has furnished London political and newspaper circles with a surprise and interest surpassing that evoked by the Wilson-Lansing correspondence.

The first version of the event gave it the aspect of an ultimatum, which meant the council of the allies must stand by the terms President Wilson accepted in December, or America would shake the dust of European affairs off her feet altogether, and also that the council had framed a stiffly worded reply adhering to its January offer to the Yugoslavs.

Information appeared to soften the stiff-necked positions credited to both parties. This consisted of messages that too sweeping a construction had been given to the president's words, fortified by news from Downing Street that the council had not finished composing its answer.

The afternoon papers displayed stirring headlines, in which "bomb shells" were said to have been thrown. It was an entirely unexpected ruffling of the waters about the parliament houses where it appears to have been assumed that so long as America had not even a representative at the conference table her voice would not be heard in the debates.

The general spirit of the conference shown in the results of its first week's London sessions seems to be conciliatory and to

### WOMEN CONDEMN NEW YORK SENATOR

Charge Senator Wadsworth With  
Misrepresenting His State and  
Party in Working Against Suffrage

Chicago, Feb. 16.—The League of Women Voters today condemned Senator James W. Wadsworth, Jr., of New York for "misrepresenting his state and party" in working against suffrage. Appreciation was extended to the women of New York in their determination to send to the United States senate a "modern minded senator, capable of comprehending the great American principles of freedom and democracy," to replace Mr. Wadsworth.

The league is the successor to the National Woman Suffrage association.  
Among recommendations for commercialized vice were:  
Abolition of frequenters of disorderly houses.  
Abolition of segregated protected vice districts.

Heavy penalties for pandering.  
Prevention of solicitation whether by man or woman.  
Control of venereal diseases with recommendations for proper laws was urged.

Passage of laws to protect minors, delinquents and delinquents was urged.  
Among these was a law providing for mental examination of children and care for defective ones.

A law was urged make the legal age of consent a least 18 years and to provide protection for the boy as well as the girl.

The report of the committee on food supply and demand was adopted.

Mrs. Helen Gardner of Washington announced the installation of an exhibit with the history of the suffrage movement in the United States, in Smithsonian Institute at the capital.

Among the exhibits are pictures of Susan B. Anthony, Anna Howard Shaw and Carrie Chapman Catt—the first women to be honored because of their achievements.

### FURTHER DETAILS OF CAMPAIGN AT FLINT

Testimony Shows Huge Sums  
Spent By Newspaper Managers  
At Primary Election In Flint—  
Investigator On Stand.

Grand Rapids, Mich., Feb. 16.—Political ethics in Flint, Mich., were given a thorough airing in the Newberry elections conspiracy trial here today. The government then switched its tactics and brought a department of justice investigator to the stand. Then there was introduced in evidence the statements made by three defendants prior to their appearances before the grand jury. They were in affidavit form, but Martin W. Littleton developed on cross-examination that none of the men had been sworn.

Edward T. Ridley, the agent, thought this made no particular difference, inasmuch as the men read the statements before signing them. The defense, however, was hammering steadily at this point when adjournment came.

Thomas J. Halligan, manager of the Flint Journal, was called by the government to the stand. He was asked to produce a copy of a letter from the Michigan-Ontario League, owner of a cigar store and of a billiard room and called by Mr. Littleton, a "campaign expert," related what he told Fred Henry in that city about "how to run a campaign for senator."

He said he refused to "give the information for nothing" but what he said he did tell him received close attention from everyone in the court room.

"Henry wanted me to work for him at \$50 a week," said Halligan, "but I told him I wouldn't be any good to him for \$50 a week or for other man would be getting votes. 'You have got to have money in this country,' I said. Mr. Newberry is a rich man and everybody expects he is going to spend some money. Eight hundred or a thousand dollars will get you a lot of votes but \$50 a week I wouldn't consider working for."

He said Henry called him again, invited him to a smoker at his home to meet "Mr. King" and "Fletcher" and some of the boys. The witness continued: "Well, I says, 'what have you done regarding my money.' He says: 'I have not did anything yet, but I am going to have a talk with Fletcher and King and I think we will take care of you all right.' I asked him what he wanted me to do for \$50 a week and he says he wanted me to work in the townships and I says: 'do you realize it would cost you \$800 to take care of the first ward and not go into the townships at all.' He says: 'Well, ahead and I will take care of you' and that is how it stood when he left me."

## U. S. AIRCRAFT IS CHARACTERIZED AS "RIOT OF WASTE"

Report of Long Continued Investigation  
Made Public

### MANY FACTS ARE REVEALED

(By The Associated Press)  
WASHINGTON, Feb. 16.—Reports of the long continued investigation of the air craft production program were presented today in the house from the special committee inquiring into the record of achievement in ship building American airplanes abroad and the performance of the aircraft production generally.

A prominent part of both reports is given to the controversy over the connection of John D. Ryan, former director of aircraft production with the construction of a government built railroad which, it has been charged, reaped to the benefit of the Chicago, Milwaukee & St. Paul road of which Mr. Ryan is a director.

Disclaiming any attempts to determine motives the majority report does not appear to consider that it shares with other civilized nations the duty of securing the punishment of crimes against justice and the principles of humanity—crimes for which William of Hohenzollern undeniably bears a heavy responsibility.

"The note of January 15 was sent in the name of the allies, twenty-five in number, who were signatories to the treaty of peace and the collective mandates of a majority of the civilized nations of the world. It is impossible to disregard the collective force of this request which is the demand for justice made by the conscience of humanity as a whole."

## TEXT OF ALLIES LATEST NOTE SENT TO HOLLAND

LONDON, Feb. 16.—(By The Associated Press).—Following is the text of the note sent by the allies to Holland regarding the extradition of the former German emperor:

"The immense sacrifices made in the general interest of the powers during the war entitle them to ask The Netherlands to reconsider its refusal, based on the weighty, but entirely personal considerations of a state which held aloof from the war and cannot perhaps appreciate quite accurately all the duties and dangers of the present hour."

"The obligations of the powers towards other nations, the gravity of the question concerned, as well as the very grave political effects to which relinquishment of the claims of justice against the emperor would give rise all constrain them to uphold and renew their demand."

"The powers do not ask the queen's government to depart from its traditional policy but to consider that the nature of the request has not been adequately appreciated."

"No question of prestige is at stake and the powers pay as much heed to the conscientious sentiments of a state with limited interest as to the mature decision of great powers, but cannot wait for the creation of a world tribunal competent to examine international crimes before bringing to trial the responsible author of the catastrophe of the great war."

"It is precisely this contemplated trial which would prepare the way for such a tribunal and demonstrate the universality of feeling animating the conscience of the nations of the world. The powers wish to point out that the league of nations has not yet reached a state of development sufficient to allow any application to it, or to a tribunal of any kind created by the Netherlands government."

"The Netherlands government does not appear to consider that it shares with other civilized nations the duty of securing the punishment of crimes against justice and the principles of humanity—crimes for which William of Hohenzollern undeniably bears a heavy responsibility."

### AGREEMENT REACHED ON RAILROAD BILL

House and Senate Conferees Will  
Sign Measure Today Which  
Will Re-Sent To Lower Branch  
of Congress

WASHINGTON, Feb. 16.—Final agreement on railroad reorganization legislation was reached today by the house and senate conferees who planned to have the report ready for their signatures tomorrow so it could be presented to the house the following day.

Aside from several changes the general features of the compromise bill follow the lines agreed upon recently by the conferees with the exception of the labor provision which was modified so as to provide for a federal appeal board appointed by the president and consisting of nine members equally divided between the employees, employers and the public. As previously agreed upon on this board was to have consisted of five members.

The new labor provision amounts virtually to a redrafting of the earlier agreement and results directly, according to Senator Cummins of Iowa, chairman of the senate conferees, from developments incident to the strike of maintenance of way employees, which was called off before the men walked out.

Senator Cummins said he laid the draft of the new provision before Director General Hines yesterday and the revised section was said to conform in principal with the director general's views.

The plan, as now changed by the conferees provides that while adjustments of labor differences might be made by representatives of the men and the carriers in cases where a strike was threatened which would tie up interstate commerce submission of the dispute to the federal board was made compulsory before a cessation of work occurred and the final will go final.

To prevent discrimination against the public, the conferees inserted a provision requiring the board's decision to be made by a majority, one of which must be a representative of the public.

## SENATE RESUMES DEBATE ON TREATY OF VERSAILLES

Opening Gun Fired by  
Senator McCormick  
of Illinois

### LONG FIGHT LOOKED FOR

(By The Associated Press)  
WASHINGTON, Feb. 16.—Laying aside its legislative business the senate by unanimous consent took up the treaty of Versailles again today and resumed in all its vigor the ratification debate interrupted last November.

The opening gun in the new phase of the fight was fired by the treaty's irreconcilable foe, Senator McCormick, Republican of Illinois, re-opening the discussion with a speech bitterly assailing many provisions of the document and counselling the Republican leaders not to consent to further compromise.

He was followed by Senator McCumber, Republican of North Dakota, a leader among the treaty's Republican friends, who flayed the heads of both parties for their failure to compromise and declared that "child's play obstinacy" alone stood in the way of ratification.

Drawn into the debate by the charges of the North Dakota senator, Senator Hitchcock of Nebraska, the Democratic leader asserted that the Democrats already had abandoned their previous stand and had offered compromise but that the Republicans were demanding nothing short of complete Democratic surrender.

When the debate was re-opened the private negotiations for a compromise apparently passed into the domain of the past. The treaty's most active friends on both sides predicted there probably would be no settlement until discussion on the floor had spent itself.

The only outward evidence of the unusual reinstatement of the treaty was the crowded gallery, where empty seats had been in the majority for many weeks, but where scores stood in lines today hoping for a glimpse into the senate chamber.

Acting under an agreement with Democratic leaders, Senator Lodge asked unanimous consent that the treaty be taken up and then presented the first of the proposed reservation changes he made public last week. His amendment would make the withdrawal reservation stipulate that notice of withdrawal from membership in the league of nations could be given "by the president or by congress acting alone whenever the majority of both houses may deem it necessary."

In the original draft, the notice might be given "by a concurrent resolution of the congress of the United States."

The modification was proposed said the majority leader because the reservation as previously worded would be "wholly ineffective" in permitting a majority of congress to take the nation out of the league.

Also considered by the bipartisan conference, the modification was not agreed upon there. Senator Hitchcock indicated that he and many other Democrats expected to vote against it.

Most senators were inclined to believe that it might be several days before action was reached on any proposals to modify the fourteen Republican reservations as they were adopted at the last session of congress.

### FARES INCREASED THRUOUT COUNTRY

CHICAGO, Feb. 15.—Street car fares in 460 cities thruout the country have been increased, according to figures given out today by the Illinois Committee of Public Utility Information, which attributed the advance directly to high material and labor costs. In fifty nine cities 10 cent fares are being paid, the report said.

The committee asserted that in 1919, forty eight companies, with a total of 3,781 miles of track, went into the hands of receivers while during the past three years 98 companies, representing approximately one-sixth of the entire mileage of the country had become involved in bankruptcy courts.

## ALLIES ASK INTERNMENT OF FORMER EMPEROR

SPURRED BY BIDDING  
FOR GERMAN SHIPS

Millions Offered By Presidents of  
Various Shipping Companies at  
Shipping Board's Auction of  
Liners.

(By The Associated Press)  
Washington, Feb. 16.—While controversy over the proposed sale of thirty former German liners occupied the white house, the senate and district supreme court today—presidents or great shipping companies were bidding in tens of millions against each other for the craft at the shipping board's auction. For one group of six vessels the bidders fought with \$250,000 boosts in price until Major General George W. Goethals retired, now head of the American Ship & Commerce Company, dropped out at \$13,000,000 which he said was his limit, and P. A. S. Franklin, president of the International Mercantile Marine raised the price to \$13,100,000.

Commissioner Scott had announced in opening the auction that it was only for the purpose of receiving bids, final action to await approval of the senate commerce committee and the house merchant marine committee and the outcome of William Randolph Hearst's application for an injunction to prevent the sale.

In the district supreme court Associate Justice Bailey took under advisement Mr. Hearst's application after hearing contention of the council that the shipping board lacks legal power to dispose of the vessels. He will render his decision Friday.

At the white house it was said that the president would answer promptly with a decided negative the resolution adopted by the senate Saturday, asking if there existed a secret reported understanding with Great Britain as to the ultimate disposition of former German craft.

The highest group bid at the auction was \$14,500,000 by the International Mercantile Marine for nine ships including the Leviathan, which went unopposed, and the record bid for a single ship was \$2,900,000 for the Calao, by the American Ship & Commerce Company, doubling in one bid the offer of the International Mercantile Marine for the vessel.

The highest group bid covered the Leviathan, George Washington, America, President Grant, Nanesmond, Antigone, Pocahontas, Princess Matoka and Callao offered by the International Mercantile Marine, the vessels to be put in the European service. The next highest group offer was the International Mercantile Marine's bid of \$13,100,000 for six vessels for service to Hamburg and Bremen. Moore and McCormick offered \$4,500,000 for five vessels and the same company bid \$1,000,000 for the Princess Matoka and the Pocahontas for service to the Baltic.

For individual ships the high bids included:  
Black Arrow \$700,000. Oriental Navigation; Princess Matoka, \$500,000. International Mercantile Marine; Company, Susquehanna, \$500,000. C. B. Richard & Co.; Artemis, \$750,000. International Mercantile Marine.

### EXPORT TRADE OF PACKERS CEASED

CHICAGO, Feb. 16.—The export trade of the meat packers—the largest single industry in America—has practically ceased as a result of the foreign trade situation, the Institute of American Meat Packers announced in a bulletin today.

In a resume of the meat situation abroad, it adds that England has seven months supply on hand. In Germany agents of American packers are unable to sell stocks already in the country because the German government is unable to offer acceptable currency in payment. Sales in Holland have practically ceased; in France they have stopped entirely and in Scandinavia hope for resumption of trade with Russia as a result of the lifting of the allied blockade has been abandoned. Italy has purchased no American meat for some time.

### CONDEMN OHIO CITY

Osborn, Ohio, Feb. 16.—This village's fate will be decided tomorrow. Citizens of the community will decide whether they want to assume the expense of moving the village from its present location in Green, to another site, one and one-half miles southeast.

Land on which the town now stands was condemned to make way for the Miami Valley Flood conservation project.

There are 314 families living in Osborn and the population is approximately 1,000.

### PROPOSE JOINT COMMISSION

Washington, Feb. 16.—President Wilson's proposal to create a joint commission to hear the wage demands of the union railroad workers, if such is not provided by law, will be laid before the heads of the rail corporations this week.

Original Demand to  
Holland Reversed in  
Latest Note

### WILL BE PUT ON ISLAND

(By The Associated Press)  
THE HAGUE, Feb. 16.—The latest allied note to Holland with regard to extradition of the former German emperor reverses the original demand for his surrender and only asks his internment, with the suggestion that the former monarch be sent, perhaps, to one of the Dutch islands in the East Indies, it became known today.

The Associated Press learns on excellent authority that the Dutch government already has determined to reply with an offer actually to intern Wilhelm at Doorn. Holland would accept the full responsibility of preventing him from endangering the peace of the world, establishing a guard over him and a strict censorship.

Holland, it is pointed out in diplomatic quarters is anxious to meet any request of the allies which is compatible with her own dignity and does not conflict with the nation's laws and traditions of long standing. More than anything else, as far as can be learned, she desires to bring to a close the issue over the presence of the former emperor, which has been a thorn in her side since the Hohenzollerns sought refuge here in 1918.

That the ex-ruler is undoubtedly willing to spend the rest of his life in Doorn is the belief in official circles where it also is believed that the allies will accept the proposal to place upon Holland's shoulders the responsibility for keeping him there. They point to Doorn as being a particularly advantageous place to intern him, as the village is not near any large city and the house which the emperor has bought is so placed as to be easily guarded, and it is somewhat further from the German frontier than Amerongen where the former emperor now is living.

The note was delivered late last night direct to the Dutch minister by the British minister at The Hague. The note had not reached the Dutch foreign office this morning nor was there any explanation forthcoming as to why it had been delivered to the premier instead of through the regular diplomatic channels.

### CONVENTION ENTERS ITS SEVENTH WEEK

Springfield, Ill., Feb. 16.—The Illinois constitutional convention will enter upon its seventh week tomorrow morning, with a discussion before the committee of the whole of proposals for incorporating the initiative and referendum in the new basic law.

F. R. Dove of Shelbyville, chairman of the committee on initiative and referendum and recall expects several proponents of the I. & R. plan to address the convention.

A proposal for including the initiative and referendum in the new constitution was introduced last week by Delegate Oscar Wolff of Chicago. The convention will hear further discussions of proposed changes in the judiciary system Wednesday.

### ESTABLISHES NEW WORLD'S RECORDS

Daytona, Fla., Feb. 16.—Certified world's motorcycle records were established on the beach yesterday by L. E. Parkhurst for the one, two and five mile and one kilometer distances. The mile event was made in 34.89 seconds or at a rate of 103.1 miles an hour. The former record was thirty-five seconds flat.

Parkhurst made the two miles in 1:12:65, the five mile in 3:02:32 and the one kilometer in 21:64 seconds.

### CHALLENGES CANNEFAX

CHICAGO, Feb. 16.—AUGIE Kieckhefer tonight issued a challenge to play Robert L. Cannefax for the three cushion billiard championship and posted \$5,000 as a side bet.

Kieckhefer who formerly held the title proposed a six night match of 300 points with the net receipts to go to the American Legion.

Since nearly 150 prominent Republicans have been deputized to make suggestions for the Republican national platform this year, it will not be the charge later on that a small coterie of radical or biased leaders have evolved the platform on which the party must make its campaign.

The railroad brotherhoods have announced that they have a definite program to carry out in their efforts to reduce living costs. The plan of procedure has not been made known, but it is likely to meet with more of public favor than have the railroads' demands for increases of wages. If they hit upon a plan which is really feasible and in which private citizens, the unorganized, may join, they will really have started a very beneficial public movement.

### DISTRICTS FOR WAR RISK BUREAU

The director of the War Risk Insurance Bureau has recommended to Congress the passage of legislation that would break up his bureau into fourteen districts in the interests of more ex-

peditions administration. Republicans recall that it was but a few years ago that the Pension Bureau was centralized in Washington for the same purpose. Previously its work had been done through district branches. Now it is proposed to decentralize the War Risk Bureau, the work of which is larger but very similar to that of the Pension Bureau.

### PRESIDENTIAL DISABILITY

Some facts to which attention is called in the letters exchanged between the president and Ex-Secretary Lansing have resulted in the talk of a new bit of legislation. It is possible that a law will be proposed to define presidential disability in a much more explicit way than the law now outlines.

Whether or not such a measure is placed on the statute books, its discussion in congress will naturally turn public thought toward the condition of the president since last October. Even so close a friend of the president as Rear Admiral Grayson has admitted that it will be many months before Mr. Wilson's health can be expected to be anything like normal.

### THE FARMERS ORGANIZATION

A budget of \$300,000 is the amount Illinois farmers have to spend in their business organization this year. At the February meeting, the Executive Committee of the Illinois Agricultural Association outlined a definite program for the year.

Livestock marketing will be the one biggest problem the farmers will tackle. They have started this program by securing the services of H. W. Mumford, who is Chief of Animal Husbandry at the University of Illinois, to take charge of that department. Without a doubt, Prof.

Mumford is the best authority on livestock problems in the country. Sharp fluctuating markets as well as the producer because they are discouraging to production.

The 55,000 farmers in the Illinois Agricultural Association have no intention to strike. They have said food production is a problem of all people. They want to produce all that is needed, but they must have some assurance of a profit. They fully realize their obligation to the public in food production, and they firmly believe they are carrying out that obligation when they put in their best brains, time and money to put the business on a sound economic basis so that it will attract the best men.

### TEACHERS' WAGES.

The nation-wide discussion of wages has brought forth many illuminating facts and figures. One phase of the wage question, however, has not been made prominent enough. It seems to be the assumption of bodies and officials who have the power of fixing salaries that increases of fifteen, twenty-five and thirty per cent are unprecedented increases.

That may be true so long as one's eye is fixed on the very slow additions which have been made to teachers' salaries for the last forty years. It has been shown repeatedly before legislative and congressional bodies and boards of education that these small percentage increases really do not place the teachers where they were economically before the war came. However, no one has taken up the matter of showing a teacher's salary expressed in terms of commodities in 1914 as compared with her salary expressed in terms of commodities of 1919. It is currently reported that food and clothing have increased 150 per cent over the prices obtaining in 1914 in the city of Chicago. If any one takes up teachers' salaries and contrasted them in the terms of various commodities, shoes, wheat, corn, pork, beef, etc? It may have been done by someone. If not, it should be done and published widely throughout the country. It is reported that Krupps and Germany have begun a process of bartering—giving so many gallons of wine for so many pounds of certain chemicals. This recognizes frankly that the circulating medium, the monetary standards, are so abnormal as to preclude their use in the transactions between two great nations. This points directly to the need of making our comparison of teachers' wages in 1914 with those in 1919 in terms of commodities rather than in terms of dollars.—Educational Bulletin.

## ILDERIM TEMPLE WILL MAKE HANNIBAL TRIP

Local Degree Staff Will Institute New Temple at Hannibal, Mo.—Have Set Date for March 11.

At a special meeting of Ilderim Temple No. 62 D. O. K. K. held Monday evening arrangements were completed for the trip to Hannibal, Mo., where a new temple will be instituted.

March 11 was the date set for the trip and it is expected to take at least seventy-five members in addition to the drill team and officers.

A committee consisting of L. O. Vaughn, Charles Godfrey and John Bradford has been named. This committee will arrange details for the trip and make arrangements for train accommodation.

The trip to Hannibal is an easy one to make. The Dokays expect to leave here on the 12:45 train in the afternoon and returning leave Hannibal at midnight arriving home at 2:26 a. m.

One hundred and eleven names have been secured for the Hannibal Temple. The Hannibal boys are arranging for a big parade which will start upon the arrival of the Jacksonville delegation.

Details were also discussed for the big three days meeting to be held here beginning with the annual sermon and open house on next Sunday, February 22. The Tiger is on the press and will be ready for the mail today. Three applications have already been received for the D. O. K. K. ceremonial.

About sixty members were present Monday evening. Much enthusiasm was shown. Following the meeting refreshments were served and a smoker enjoyed.

Big dance Franklin, Marquette Hall tonight. Everyone welcome.

## URANIA LODGE CONFERS DEGREE

Three Candidates Given Third Degree—Initiatory Will Be Conferred on Nine Candidates Next Monday Evening.

Urania Lodge conferred the third degree on W. F. Young, J. I. Colwell and Earl J. Reed at the regular meeting Monday evening. The work was witnessed by a large crowd.

On next Monday evening the initiatory degree will be conferred on a class of nine candidates. Following the work refreshments will be served.

Big dance Franklin, Marquette Hall tonight. Everyone welcome.

## SINCLAIR COMPANY BEGINS WORK HERE

As previously mentioned, the Sinclair Oil Co. has made arrangements for the establishment of a station here in Jacksonville, and has leased land adjoining the Wabash railroad near North Main street and owned by the Snyder Ice & Fuel Co. J. O. Munson of Rock Island, representing the company, came to the city yesterday to make the final arrangements for the establishment of the company's branch here.

The Sinclair Company is one of the largest concerns in the country, and in establishing a terminal here, expects to do business not only in Jacksonville, but thru a large surrounding territory as well. Until the warehouse has been built, the company will use the old Snyder plant for storage purposes.

## G. J. DOWELL BACK FROM TEXAS TRIP

Franklin Resident Tells About the Way Rio Grande Land Men Handle Prospects.

G. J. Dowell of Franklin has recently returned from a trip to the Rio Grande Valley in Texas. Mr. Dowell went with L. G. Brown, Modesto banker, and another resident of Macoupin county. There was a large party of landseekers and they left St. Louis in Pullmans which they occupied during all their eight days in the south. Every possible courtesy was extended to all the northern men and they were shown some lands where the crop returns were indeed wonderful.

The itinerary was so arranged that the visitors after they left the train were taken from place to place in automobiles and had the opportunity of interviewing some certain persons resident on the lands. Every man in the party had a splendid outing and nothing was overlooked by the land company that could add to the pleasure and comfort of the trip. The natural result of such arrangements was that a great many sales were made.

It is said to be a fact that there are very few northerners who make this trip to the south with the land companies and who fail to buy. Just how well they are pleased later on with their investments is not a matter of available record.

## C. & A. EMPLOYE IS INJURED AT ROODHOUSE

Joseph Wiggins, an employee of the C. & A. Roodhouse, was a patient at Passavant hospital suffering from a fractured skull and other injuries. The man was injured at Roodhouse while dumping a car of coal and was brought to this city on a special train Saturday night soon after the accident occurred.

Altho his injuries were so serious, Wiggins was unconscious for only a short time, and this fact is looked upon as encouraging by his attending physicians. It is not known just how the accident occurred, but it is thought that Wiggins had hold of a lever controlling the dumping arrangement, and that in some way the lever flew up, throwing the man against the iron grate of the dump.

## ATTENDED HOTEL MEN'S MEETING IN PEORIA

George W. Scott of the Pacific hotel, has returned from Peoria where he attended a meeting of the executive board of the Illinois Greeters. The session was held at the Niagara hotel Saturday afternoon and was followed by a dinner at the hotel in the evening. Later there was a dance, the whole program being arranged by the Peoria hotel men. This organization of hotel men is a national one, but there are also state organizations of the same name. The members meet at stated periods for conference and to consider the various problems which confront hotel men. Mr. Scott spent Sunday with friends in Peoria, and reports a very enjoyable trip.

## ROBERT HIERMAN GOES TO ARENZVILLE FIRM

Robert Hierman, who for the past four years has been connected with the Berger Motor Co., has just resigned his position there and will be associated with his father in the implement business at Arenzville. Mr. Hierman has recently purchased his uncle's share in the business and thus becomes a member of the firm.

The business with which Mr. Hierman will now be associated is an old and well established one, and his many friends in this city while regretting that he is leaving the city, are glad that he is to be so well connected.

## TWO FUNERALS ARE HELD AT WINCHESTER

Late Charles Williams Laid to Rest Sunday—Funeral Services For Mrs. Alpha Gimble—Other Winchester Happenings.

Winchester, Feb. 16.—The funeral of the late Charles Williams occurred Sunday at 10 o'clock noon at the home of his mother, Mrs. M. E. Williams. A large number of relatives and friends were present for the services, which were in charge of Elder Francis Fowler of White Hall, assisted by Rev. C. W. Casey and Elder J. H. Coats.

Music was furnished by the choir from the Christian church and was of a most beautiful kind. Interment was in Winchester cemetery, the bearers being Dr. H. H. Fletcher, W. L. Bagshaw, Irvin Mudd, Ralph Riggs, Roy Phears, Ralph Thomas, Hal Nichols and Roy Piper.

Members of the Masonic Order, of which the deceased was a member, attended the services in a body.

Among those from out of town who attended the funeral were: Mr. and Mrs. Howard Piper and son Robert, White Hall; Mr. and Mrs. Brown, White Hall; Mr. and Mrs. Francis Piper, White Hall; Mr. and Mrs. Langdon, Roodhouse; Mrs. Lizzie Hall, St. Louis; Roy Piper, Greenfield; Mrs. Joseph T. Harrington, and Hal Nichols, Chicago.

William Obermeyer, of Chicago, arrived Sunday morning for a visit with his parents, Mr. and Mrs. Peter Obermeyer.

The funeral of Mrs. Alpha Gimble, nee Miss Lucille Crabtree, whose death occurred at the family home in Beardstown, was held Monday afternoon at 2:30 o'clock from the Christian church. The auditorium was filled with the relatives and friends of the deceased, who had spent practically all her life in Winchester. The church choir, with Miss Ethel McClure as accompanist sang as the opening song, "Somewhere the Sun is Shining."

The scripture lesson was read by Rev. F. M. Crabtree and prayer was offered by Elder Coats. The choir then sang "Jesus Savior Pilot Me". After the reading of an obituary sketch Mrs. Gertrude Demereth sang as a solo, "Saved by Grace." The sermon was delivered by Rev. Mr. Crabtree, who in the course of his remarks paid a high tribute to the life of the deceased.

Following the singing of "Sometime We'll Understand" by the choir and a brief prayer by Rev. Mr. Crabtree, the cortege moved to Winchester cemetery where burial was made. The bearers were Russell Redshaw, Frank Redshaw, Wayne Fletcher, Leonard Wisdom, Claude Wisdom and Bert Coultas.

There were many beautiful floral offerings and these were cared for by Misses Mabel Violet, Opal Ligon, Josephine Balsley and Ella May Lashmet.

Sol Hainsfarther and John Lieb left Monday afternoon for a business visit in St. Louis.

T. B. Smithson is quite ill at his home on North Main street.

George Tadlock of Alsey and Miss Ida Cully of Winchester were united in marriage Saturday evening at the Baptist church parsonage. The ceremony was performed by Rev. W. B. Morris.

The young people have the best wishes of their many friends for a long and happy wedded life.

Paul Hoover of the University of St. Louis visited Sunday and Monday at the home of Rev. W. B. Morris and family.

William Hicks, janitor at the 7th and 8th grade buildings, met with a painful accident Monday. He was standing on a ladder washing windows when the ladder slipped with him and he fell, tearing the ligaments loose in his right leg. Dr. William O'Reilly is attending his injuries, and Mr. Hicks will be confined to his home for some days to come.

Mrs. Ralph Clader and sister, Miss Anna Munze, left Monday afternoon for St. Louis. From there Mrs. Clader will go to her new home in Wilkesbarre, Pa.

Hal Nichols, accompanied by Mrs. Charles Williams and mother, Mrs. G. E. Williams, left Sunday night for Chicago.

Sedans—Touring—Roadsters

Overland 4 marks a fundamental advance in motor car construction—the most important improvement in comfort to the passengers and in preserving the chassis from road shocks since pneumatic tires made motoring possible.

Its Three-Point Cantilever Springs create a riding buoyancy which establishes Overland 4 as a new type of car.

There are plenty of large, luxurious cars of long wheel base which ride well on most roads, but such cars are expensive. There are small light weight cars with short wheelbase, which ride well on smooth roads and are both low in price and economical in upkeep. But Overland 4 rides well on any road. It is a third kind of car, a new type, combining the advantages of both previous types of cars.

The styles that will prevail for next Fall already are settled upon (always are six months or more in advance) and there will be no change except for the extremists. The shortage in woollens cannot be overcome, and supply and demand makes the price. You may hesitate because clothes are comparatively high now—but, they will be higher.  
—The National Clothiers association has just closed a convention in New York at which government representatives were present to investigate charges of profiteering. It was found that high clothing prices are due solely to scarcity of raw materials and high labor costs and that charges of profiteering by manufacturers and dealers is unfounded.

### KNIGHTS OF COLUMBUS BUY PROPERTY

Well Known Order Now Owns Dr. Haigrove Residence on East State Street.

Knights of Columbus acting thru the board of trustees, have purchased the Dr. J. W. Haigrove property on East State street. The trustees who arranged the details of the purchase with Dr. Haigrove, were Theodore Hagel, John W. Clay and James McBride. Possession of the property is not to be given until February 1, 1921. The lease of the present Knights of Columbus quarters runs for nearly three years but the lodge had been for some time on the look out for a suitable home.

There are fourteen or fifteen rooms in the Dr. Haigrove home and the building is in excellent condition. The steam plant is practically new and the house is in every way in fine state of repair. It is probable that when the Knights of Columbus first take possession very few alterations will be made, as the house is quite well arranged for the intended purpose. Later on changes and enlargements may be made.

## Perfect Health is Yours If the Blood is Kept Pure

Almost Every Human Ailment is Due to Blood Impurities.

You can not overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can readily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurities is a source of danger, as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pains; Catarrh, often a forerunner of dread consumption; Eczema, Tetters, Erysipelas, and other disfiguring skin diseases; Malaria, which makes the strongest man helpless, and many other diseases are the direct result of impure blood.

You can in a large measure avoid liability to disease, by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly. It is sold by druggists everywhere.

## Rheumatism Vanished

Centralia man suffered a long time from rheumatism. Natski Blood Purifier was recommended to him and produced wonderful results. His statement should be read by all rheumatic sufferers:

FOR RHEUMATISM

I was laid up with rheumatism from May 1918 to January 1919. Could not be on my feet for the most of the time. From September to January I was past going at all. I tried many different kinds of medicine and other treatments all the time. Natski was recommended to me and I gave this medicine a trial. Three bottles put me on my feet again, and I have been working every day since. I can recommend Natski to be a splendid medicine for a sufferer of rheumatism, especially in the feet, legs and arms, if taken according to direction.

## BOWELS SO BAD HE TOOK QUART OF MIN- ERAL WATER A DAY

Mr. Whitesides was in a bad way. Tells how he got over it.

"I suffered for years with stomach trouble and constipation. I got so I could eat nothing but soft food and had to take a quart of mineral water a day for my bowels. I decided to try Milks Emulsion and have used 3 bottles. The results have been wonderful. The soreness left my stomach, I can eat solid food, my bowels have improved and I feel like a new man. Anyone suffering as I did should lose no time in starting on Milks Emulsion."—M. F. Whitesides, 214 1/2 S. 6th St., Springfield, Ill.

The more physics you take, the more you'll need. Break away from them. Milks Emulsion costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those who are sick, as weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and 1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

## SIXTEEN PATIENTS IN HOSPITAL WING

Emergency Arrangements Providing Room to Many—Red Cross Committee Finds Hospital Service Is Needed

That there was a need for the emergency hospital arrangements is shown by the fact that 16 patients are already being cared for in the "wing" at Passavant hospital. In fact, for the present, no more rooms are available, according to a statement made last night by Rev. W. E. Collins, who is chairman of the Red Cross committee having the arrangements in charge.

Miss Austin is directing the nursing work and Mrs. Keith Montgomery is chairman of the committee providing equipment for the rooms. Miss Dawson has charge of the office work and with satisfactory assistance the relief work is now being done in a very satisfactory way.

Miss Loving, anti-tuberculosis nurse, is temporarily assisting and investigating various cases in some instances giving the needed assistance without removal to the hospital. It is a matter for general congratulation that physicians say that the flu epidemic is decreasing.

## MEMORIAL SERVICE AT SPRINGFIELD

Imposing exercises are being arranged for a meeting to be held in Springfield at the state arsenal next Sunday, at which time the French war memorials will be presented to the next kin of the soldiers who fell on the battlefields of France. The exercises will be under the auspices of the American Legion post No. 32, Springfield. L. P. Owen is chairman of the general committee in charge of the arrangements.

## Funerals

**Hamm.**  
Funeral services for Mrs. Rose L. Hamm were held from the residence of her father, 314 Fulton street at 10 o'clock Monday morning in charge of the Rev. W. R. Johnson. Burial was in Hebron cemetery the bearers being Robert A. Dennis, E. J. Combs, William Wilson, John Schrader, Amos White and William Koch.

**Zeller.**  
Funeral services for Hartman Zeller were held from the Church of the Visitation in Alexander Monday morning at 9 o'clock in charge of the Rev. Father Lucius.

Following the services the remains were taken to Springfield where interment was made in the Calvary cemetery. The bearers were: John Rife, Michael Weigand, William Walbaum, August Kumble, John Lukeman, George H. Hall.

The services were of unusually impressive character. Rev. Father Lucius celebrated mass and was assisted by Father Cahill of Jacksonville and Father Smith of Franklin.

There were relatives of the deceased from Lincoln, Berlin, Springfield, Normal and Jacksonville.

**Ward.**  
Funeral services for the remains of Mrs. E. N. Ward will be held in Canon City, Colorado this afternoon at 3 o'clock. Mrs. Ward died Saturday morning at 4 o'clock February 14th. Mrs. Ward was born and raised in Jacksonville and lived here until eighteen years ago when she left for Colorado for her husband's health, and since that time has made that city her home. On account of the poor health of her husband the remains will not be brought to this city for burial. She is survived besides her husband by her mother, Mrs. Lavina Viera, brothers Frank and Luther of Jacksonville, Leslie of Chicago, Mrs. John Ornellos and Mrs. Jack Rodriguez, of Jacksonville and Mrs. Doolittle of St. Louis.

**Cooper.**  
Funeral services for W. H. Cooper were held from Concord M. E. church at 10 o'clock Sunday morning in charge of the Rev. Thomas Symon. There was a large gathering of friends and relatives, the members of the Odd Fellows and Rebekahs attending the services in a body. Music was furnished by Miss Della Detering and Mrs. George Johnson with Miss Wilson at the piano. The flowers were cared for by Mrs. Mary Wilson and Mrs. Henry Williamson.

Burial was in Concord cemetery the bearers being, Thomas Morrison, Spencer Smith, Al Kratz, W. H. Williamson, Orvalentine and John Webb.

**Talkmeyer.**  
Funeral services for John R. Talkmeyer were held from St. Peter's Lutheran church near Arenzville Sunday afternoon at 2 o'clock in charge of the Rev. A. E. Burton. Music was furnished by the church choir. The

flowers were in charge of Minnie Hansmeyer, Alma Osterholt, Minnie Meyer, Florence Duffelmeyer.

Burial was in the church cemetery the bearers being, Samuel Hansmeyer, Edward Meyer, William Meyer, Ray Fisher, Roscoe Meyer and Fred Schuman.

**Rawlings.**  
Death came to Mrs. Wayne Rawlings at 5:30 o'clock Sunday afternoon at Passavant hospital, following an illness of ten days from pneumonia. It was on Feb. 4 that Mrs. Rawlings was stricken with the illness which resulted in her death, but her condition did not become serious until a few days before the end came. Everything possible was done but she gradually grew worse until death came.

The deceased, whose maiden name was Ethel Helen O'Dell, was born at Charleston, West Virginia, January 15, 1895. She was educated in the public schools of Charleston and later removed with her parents to Cincinnati, Ohio.

On September 29, 1913, the deceased was united in marriage to Wayne Rawlings, and the family home was in Chicago until about a year ago when they removed to this city. The family home is now at 726 South Church street.

The deceased was a member of the Methodist Episcopal church and was in every way faithful to the teachings of that denomination. A woman of fine character and disposition, her untimely death brings a sense of deep loss to family and friends. Altho a resident of this city a comparatively short time, Mrs. Rawlings had made many friends here, all of whom esteemed her highly. The deceased is survived by her husband and two daughters, Christie Ardell, aged 5 years and Emma LaVoy, aged 21 months. Her mother, Mrs. Charles Savage of Toledo, also survives.

Funeral services will be held Wednesday afternoon at 2:30 o'clock from Grace M. E. church, in charge of Rev. T. H. Tull. Friends wishing to view the remains may do so at the undertaking parlors of Williamson & Cody between the hours of 11 and 2 o'clock Wednesday.

The American expeditionary forces as saying that no larger percentage of DeHavillands came down in flames than other types. Mr. Lea asserted that only thirty-three DeHavillands, out of 417 sent over enemy lines were lost. The majority declared more American aviators would have been killed except for the failure of General Pershing to receive more than 213 DeHavillands.

On this point the minority report said the government turned out more than 11,000 planes during the war and these were practically the same as the machines used by the allies. Touching on responsibility the majority report said Secretary Baker was properly chargeable with any success or failure of America's crash program.

## PRISON METHODS NOW SHOW MANY CHANGES

Inmates are Considered Separately Instead of in Masses—Officers Plan to Give Real Help.

Another large audience heard John L. Whitman, superintendent of state prisons, make an address at the community forum at Congregational church Sunday night. Mr. Whitman was superintendent of the Bridewell in Chicago for twenty years and has had ten years additional experience in connection with state prisons. He said that one tendency of prison workers today is to study the individual. In the past, men and women in the prisons have usually been considered collectively instead of having the individual needs come into view.

That a very large number of those within prison walls are not criminals, Mr. Whitman said, is proven by statistics. It was his statement that at least 80 per cent of these prison inmates are not criminals, and in support of his statement said that less than 12 per cent of those paroled from prisons, violated their paroles.

The speaker gave a very interesting picture of the systems which are to be followed at the new prison at Joliet. It is the purpose there to provide the inmates with education in citizenship, so that when they gain freedom they may be in some condition to solve the problems that they are sure to encounter.

The rule of silence, Mr. Whitman said, is not now enforced. Instead such policies have been followed, such rules established, as will tend to have the prisoners take officials into their confidence. Nowadays when a prisoner is about to be released, that is, thirty days before hand, a series of conferences is arranged and the prison officials discuss with each inmate his plans for the future. Definite effort is made to help those who are sent out from the prison walls to lead the right kind of lives.

The address was very interesting and brought forth a great deal of information little known to most of those in the audience.

## CORONER'S JURY RETURNS VERDICT

Return Finding in Death of Lucille King—Inquest Held in Circuit Court Room.

The jury empanelled to hear the evidence in the killing of Lucille King by Zennie Ritchie met in the circuit court room Monday evening.

The testimony of several witnesses was heard. There was no new evidence brought out, the same story of the shooting as that appearing in the Journal last Saturday.

Witnesses testified to several quarrels between the couple and of each of them declaring they would not have anything to do with the other.

This same quarrel was continued the day of the shooting. After a stormy argument Ritchie fired three shots and the woman fell to the floor.

The jury was composed of J.

## HAVE OPENED OFFICE IN SPRINGFIELD

Erixon and Dewees Extend Their Business to the Capital City.

Messrs. Erixon and Dewees, well known local real estate men, have opened a Springfield office in the Reich building.

Mr. Erixon began the real estate business here about seven years ago and it was three years ago that Mr. Dewees became associated with him.

The two men are familiar with farm and city values and have had so much business in Springfield and Sangamon county the past year that they were led to open the office in the capital city. This enlargement of their business plans does not mean that they will close their Jacksonville office, for they expect to continue just as before.

They will so arrange their schedule between Springfield and Jacksonville that they will be readily in touch with their clients in both cities.

## BUSINESS PROPERTY HAS BEEN TRANSFERRED

Illinois Tire and Vulcanizing Company Will Have New Home—Ricks and Thompson Properties Purchased By H. J. Floreth & Sons.

Deeds have gone on record showing that Illinois Tire & Vulcanizing Co., has acquired the Ricks building, 315 West State street and the property which joins it on West Morgan street. The Morgan street property was purchased from D. C. Thompson.

About six years ago the Illinois Tire & Vulcanizing Co., which includes H. J. Floreth and his sons Doris and Ralph G. Floreth, opened for business on North Sandy street.

Four years ago a change was made to 315 West State street, the building owned by John Frank. Battery service was added to the lines already carried and a wholesale business was established, with agencies in the territory extending from Alton to Peoria and Mattoon to Quincy. In fact, the business has grown in a very rapid way and the company by following satisfactory rules has built up a large clientele.

It was recently determined to secure permanent quarters and accordingly negotiations were begun for the purchase of the Ricks and Thompson properties. It is the intention to remove the Morgan street house and erect there a two story building which will connect with the West State street building. A gasoline filling station will be placed at the Morgan street corner. The building will have an ell and there will be three entrances, one on State street, one on Morgan street and the other at the west side.

While the building plans are not fully perfected it is very certain.

daughter of the late John T. and Sarah E. Johnson. She was born in Nicholas county, Kentucky, April 29th 1845, and was united in marriage to J. A. Armstrong Feb. 4th 1880. She is survived by her husband, one brother and one sister, Charles W. Johnson and Mrs. Laura M. Hamm of this city. The funeral will be at 10 A. M. Tuesday, at the undertaking parlors of W. W. Gillham.

**Mackey.**  
The death of another long time resident of Jacksonville was recorded yesterday, when Martin Mackey died at his home, 277 Hardin avenue, following a long illness. Mr. Mackey was born in Ireland but came to this city at the age of twelve years. During the long years of his residence in this city the deceased had become widely known and had gained the friendship of a great many people.

Surviving are the widow; one son, John F. Mackey; two daughters, Misses Mary and Katherine, residing at home; two sisters, Mrs. Mary Hamilton of Kansas City and two grandchildren, Frances and Anna Davidson. A daughter, Mrs. Anna Davidson, died a little more than two years since.

Funeral services will be held from the Church of Our Savior, at 9:30 Wednesday a. m. Friends are requested to omit flowers.

**Shelburn.**  
Mrs. Alberta Shelburn died at the residence, 953 East College avenue at 3 o'clock Monday morning.

Deceased was born in Clark county Illinois, April 2, 1888. She was united in marriage to Fred Shelburn at St. Louis, Mo., May 19, 1914.

She is survived by her husband and two children, Kenneth and Irene. There also survive the following brothers and sisters: Rondel Bartlett, Union, Illinois; Dwight Bartlett, Peoria, Mrs. Walter Drifner, Union, Mrs. Harlin Simms, Peoria and Miss Elvina Bartlett, Union.

Mrs. Shelburn was a member of the M. E. church in Union and was a woman highly regarded in a wide circle of friends.

The remains were removed to the undertaking parlors of W. W. Gillham and prepared for burial. Services will be held from the parlors at 1:30 o'clock this afternoon in charge of Rev. F. M. Crabtree. Burial will be in Jacksonville.

**Follansbee.**  
The death of James W. Follansbee occurred at the family home, 1338 South Main street, at 5:30 o'clock Sunday afternoon, and was due to pneumonia. Mrs. Follansbee seriously ill of the same disease.

Mr. Follansbee, who was a veteran of the Civil War was born at Grafton, New Hampshire, in 1837. He had for a great many years been a resident of this city, and was well and favorably known here. During the Civil War he served for three years with Co. I, First Cavalry regiment, New Hampshire volunteers.

For a number of years Mr. Follansbee was assistant engineer at Jacksonville State Hospital, his term of service there occurring during the superintendency of Dr. H. B. Carriel. The deceased was a man of exemplary habits of life and during the long years of his residence in this city had come to have the respect of many.

He is survived by his wife and two brothers living in New Hampshire.

The remains were removed to the undertaking rooms of Williamson & Cody and further announcement as to the funeral will be made later. No arrangements have yet been made, as word is awaited from relatives from the east. It is probable that interment will be made in New Hampshire.

## LOCAL MAN IS OVERCOME BY GAS

Vaughn Dawson Had Narrow Escape at Wabash, Ind.—One of Party After Cars.

A telegram received Monday by the Jacksonville Pain Dealer, Wabash, Ind., told of the narrow escape from death of Vaughn Dawson of this city, when he was overcome by gas.

Dawson, with others recently went to the Overland factory at Toledo, Ohio, to drive home cars for the Berger Motor Co., of this city.

Although particulars have not been received, it is understood that Dawson and his associates were at the Wabash, Ind., hotel when they were overcome by gas fumes. It seems that Dawson was the most seriously affected of the party. Others who went to Toledo were Mr. Berger, William Benson and Dan Keating of this city and Louis Koch of Concord.

## SEEMS EVERYONE HEARD ABOUT IT

All Want to Try New Drug That Dries up Corns So They Lift Out

Good news spreads rapidly and drugists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.—Adv.

**SERVICE MEN NOT  
EXEMPT FROM TAX**

Special Provision However Made for Them in Revenue Rulings—Collector Warns About Sending Cash.

Numerous inquiries are received by collectors of Internal Revenue from men in active army or navy service regarding the exemptions to which they are entitled in the filing of income tax returns. Soldiers and sailors, as such, are not exempt from the tax but the law specifically exempts that portion of income received as compensation from the United States up to the amount of \$3,500 in any taxable year. This exemption is in addition to the personal exemption of \$1,000 and \$2,000 allowed single and married persons and applies to a person of either sex in active service in the military or naval forces.

It is limited to compensation received during the war, termination of which will be fixed by a proclamation of the President. The \$3,500 exemption applies only to compensation received from the Government and not to income earned or received from outside sources.

Quarters furnished an army or navy officer is compensation and their fair rental value must be considered in a claim for the \$3,500 exemption. Such amount in the case of officers whose compensation for the taxable year was more than \$3,500 must be included in the return, and is subject to the tax.

The return is for the calendar year.

Persons who left the military or naval service during the year 1919 and whose income, other than the amount paid them by the government equalled or exceeded \$1,000 or \$2,000 according to their marital status, must file a return on or before March 15. The tax is on income in excess of these amounts and may be paid in quarterly installments, the first of which must accompany the filing of the return.

**Income Tax Payments.**  
"Cash payments of income taxes should not be sent by mail," says Collector of Internal Revenue J. L. Pickering.

"Cash sent by mail is always at the owner's risk of loss; and if lost or stolen the sender may find himself facing penalties for failure to pay his tax on time."

"A taxpayer will find it more practical to purchase a Post Office money order, or draw a check for the amount of the tax, payable to Collector of Internal Revenue, J. L. Pickering."

"The first payment, due on or before March 15, should be attached securely to the completed return, and forwarded or delivered to my office at Springfield, Illinois. The first payment must cover either the entire tax shown due or at least one-fourth of the tax due. If full payment is made at the time of filing the return, future annoyance as to partial payments may be avoided."

"Early payments and early filing of returns is urged, in order that an overload on the final date, March 15th, may be avoided."

**M. L. PONTIUS TALKS  
OF SCHOOL TEACHERS**

Minister is Strongly in Favor of Increased Taxation That Teachers May Receive Their Just Due.

At the evening service at Central Christian church Sunday Rev. M. L. Pontius touched upon the coming election to vote on the proposition to give the board of education power to levy increased taxes.

Mr. Pontius seems to be of the same mind as are many citizens of Jacksonville, in that he believes the teachers should be paid a wage commensurate with the services rendered. Some of his thoughts are given.

"On Saturday, February 21st, the citizens of Jacksonville will be given the privilege of voting on a question of more than usual interest. Voting favorably on this proposition means that the city will levy a small tax which shall be used to increase the salaries of our public school teachers."

"The public school teacher is a vital factor in our community life and in our civilization. The school teacher has charge of our children during the most formative periods of their lives. The parent hurries the child away to school in the morning and in the evening when the child returns the father is away from home and the mother busy. So the school teacher is the main factor in the child's life for five days during the week, and for nine months during the year. It is a common mistake to think that the school teacher functions only in the impartation of knowledge. The teacher with his personality and the influence of his life is making a profound impression upon a developing character."

"Many of our public school teachers work six days in the week. Not only do they work at the school before nine o'clock in the morning but many of them work after four o'clock in the evening, and oft times on Saturday. They have three months vacation without salary. During a portion of this time they are supposed to attend Normal School. And it is right that they should meet certain standards of efficiency."

"If the above statements are true it is a disgrace to Jacksonville to compel the average public school teacher to work for a wage much less than that of the laborer and far below the salary of the average professional man or woman."

"In justice to our public school teachers and for the sake of our children who are taught and influenced by them, they should receive a salary commensurate with the services rendered."

"We are reliably informed that if the people of Jacksonville vote favorably on this proposition next Saturday the Board of Education may, if they will, issue anticipatory warrants to our school teachers so as to supplement their very low salaries for the present school year, aside from increasing their salaries September 1st, 1920."

"We may take special pride in the manner in which our schools are conducted. We have a good Board of Education. I am sure they will give every consideration to public opinion. Let every person vote favorably upon this proposition next Saturday. Let there be such an expression of public opinion favoring this small additional taxation so that our teachers may receive the increased salary which they justly deserve."

**Died in St. Louis.**

Sylvester Arbuckle received word yesterday of the death of his brother, Charles Arbuckle, which occurred at his home in St. Louis. No particulars were given in the message as to the time of death or the cause.

The deceased was twenty-eight years of age at the time of his death and was unmarried. He was born in this city but had spent the greater part of his life in St. Louis. He is survived by his father, Robert S. Arbuckle of this city; four brothers, Sylvester Arbuckle of 325 Anna street, this city; Leslie Arbuckle Decatur; Herman Arbuckle, Springfield; Mallie Arbuckle, Peoria; and two sisters, Geneva of New York and Nellie of Rock Island.

Sylvester Arbuckle left yesterday for St. Louis to attend the funeral services.

**LIGHT RECEIPTS SENDS CORN UP**

Chicago, Feb. 16.—Corn ad-  
vanced in price today as a result  
of indications that farmers were  
continuing to hold their grain.  
Depression in securities and for-  
eign exchange had only a tran-  
sient opposite effect. The market  
closed strong, 1½ to 2½ cent  
higher with May \$1.35½ to  
\$1.35 and July \$1.32½ to  
\$1.32½. Oats gained 1½c to  
\$1.16 and provisions 40c to 95c.

Bearish attacks which took  
place in the corn trade at the  
opening met with some success  
but as soon as estimates were  
posted, showing that receipts here  
did not reach even a moderate  
total, the buying side of the mar-  
ket became the favorite regard-  
ing the political or financial con-  
ditions to the contrary. The fact  
that even after a full week the  
railway emergency orders to  
hurry the crop movement had  
failed to bring any important  
larger supplies to the big centers  
was generally regarded as dwarf-  
ing all other factors for the time  
being so far as the corn market  
was concerned.

Changes in the oats market ran  
parallel with the action of corn.  
Provisions rose with grain de-  
spite selling by packers.

## COUNCIL CONSIDERS PARK BOARD ORDINANCE

Amendment to Park Board Ordinance Given First Reading and Laid Over—Many Minor Matters Discussed.

An amendment to the Park Board ordinance was given a first reading at the regular meeting of the city council Monday evening and laid over under the rules. The ordinance changes the terms of the members and is constructed to that the terms of all of the members will not expire at one time as is now the case.

Many minor matters were discussed by the council among them the matter of frozen fire hydrants and the remedy therefor. Ald. Williamson, chairman of the highway committee was instructed to purchase a team for the street department and to purchase materials for street paving repair.

When the clerk called the roll it showed all aldermen present except Ald. Ehnle and Graff. Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved. Ald. Williamson called attention to the fact that the price for which the horse in the street department was sold was \$10, instead of \$12.50.

**Ald. Moore Reports Fireman's Injury.**

Ald. Moore chairman of the fire committee reported that the department had a bad fire Monday morning and that one of the firemen, Theodore Arisman was injured and was in the hospital.

Ald. Moore also reported the purchase of 15 bolts of 30 inch muslin and eight bolts of 36 inch muslin for Diamond Grove cemetery and the purchase of 10 bolts of 20 inch muslin and six bolts of 36 inch muslin for Jacksonville cemetery. The price was 16 and 18 cents respectively.

Ald. Moore said Mr. Reid of Raleigh and Reid told him that he would have to sell the muslin for 38 cents. The reason given by the alderman for buying aside from getting a good price was that it was thought that they would quit manufacturing that kind of material. Ald. Cain seconded by Ald. Chapin moved the action of the committee be approved. The motion carried.

Ald. McGinnis called attention to the need of a walk adjacent to the State school for the Blind on Howe street. The matter was referred to Mayor Crabtree to take up with Managing Officer Woolston.

Ald. Moore also brought up the matter of walks on Hardin avenue between East State street and East College avenue. It was the sense of the council that as an ordinance had been passed for this walk that no action be taken except to see that all contracts were carried out as soon as weather permitted.

**Officers Bonds Approved.**  
The bond of Samuel Hunt, Chief of the fire department in the sum of \$3,000; with Henry J. Rodgers and Otto F. Bulte as sureties M. H. Casey day desk sergeant in the sum of \$1,000, with C. H. Story and James E. Osborne as sureties and the bond of Earl H. Williams patrolman within the sum of \$500, W. W. Hillman and John H. O'Donnell as sureties were presented and approved.

An ordinance amending the park board ordinance was given a first reading and laid over under the rules.

Mayor Crabtree spoke of the switch track to connect with the new power plant and pumping station and said he had received word from Mr. Galligan from Chicago that it would be built but on the north side of Superior avenue instead of the south side as first contemplated.

Ald. Flynn suggested that the council extend a vote of thanks to the ladies of Central Christian church for the excellent supper served at Mayor Crabtree's get together meeting. He made a motion to that effect which was seconded by Ald. Cain and carried unanimously.

Ald. Moore in behalf of the members of the fire department and the cemetery departments expressed appreciation in behalf of the men for the mayor's courtesy and said they pledged themselves anew to the policies the administration was attempting to carry out.

Ald. Chapin suggested that the council should express their appreciation to the mayor for his courtesy and assure him that they would cooperate with him in his efforts to carry out policies that would benefit the city.

Mayor Crabtree said that such action was not necessary as he knew the council was in entire sympathy with his efforts and would aid in every possible way. He thought in having the gathering was to also impress upon the employees that they too had a part in the work of the administration. He believed if this was accomplished that the gathering was a success.

**W. H. Cobb's Annual Report.**  
The annual report of W. H. Cobb superintendent of the water department was presented. It showed earnings over 1918 of over \$8,000. The report was a lengthy one and went into detail of department activities the past year. The report was received and placed on file.

**Discuss Frozen Hydrants.**  
At this point the matter of frozen fire hydrants was brought up and discussed at length. Superintendent Cobb was present and addressed the council. Mr. Cobb told of the efforts of the department in trying to keep the hydrants in good condition.

He said they were flushed twice each year in the spring and late fall. If any leaks were detected they were remedied. Mr. Cobb said that it was possible for a hydrant to have a slow leak and if the drainage was not working that the water would come to the surface.

Mr. Cobb said the hydrant would freeze when it reached the frost line and thus could not be detected until an attempt was made to use it.

Charles Patterson mechanical engineer also spoke along the same lines. Mr. Patterson said when the firemen used a hydrant they reported it to the water department and he followed them up to see if the hydrant was in good condition.

Among other things brought out by Mr. Cobb was the promise of use of hydrants by contractors in laying sidewalks and pavements. He was of the opinion that a reducer should not be allowed to be attached to a fire hydrant as it undoubtedly injured the mechanism.

**Will Have Penalty for Use of Hydrants.**  
The matter was discussed by the mayor and the aldermen at length. All were agreed that a penalty should be attached to the present ordinance for any person using a fire hydrant without permission. An amendment to the ordinance was ordered drawn.

Mayor Crabtree also made it plain that there must be no more frozen hydrants. He believed that cooperation between the fire department and the water department would eliminate some of the trouble. It was decided that the fire department should have an order made in duplicate and notify the water department in writing of the use of any hydrant for fire and that the water superintendent should also have a printed order to issue to his men for doing the work. Then in case of negligence it can easily be traced.

**Team for Street Department.**  
Superintendent of streets White spoke of the need of a team for the street department and also of the need of a car load of cull brick and a car load of stone for street paving repair. Ald. Williamson recommended that these be bought and the matter was referred to the afternoon with power to act.

Ald. Williamson asked to be excused at this time and his request was granted.

Mayor Crabtree reported that he had received word that the hearing on the petition of the Jacksonville Railway company for increasing the fare to seven cents, had been indefinitely postponed. The hearing had been set for February 17.

There being no further business the council on motion adjourned.

## "TIME TO GET BUSY"

Only a very short time until spring work begins. Then you will want to start your work so as to keep ahead of your work, and then PUSH YOUR WORK, and not let your work PUSH YOU. Then you will want a "FORDSON TRACTOR," and all implements that go with it. You will want a "ONE-TON-FORD TRUCK" and "FORD CAR." "NOW LISTEN."

You did not wait until harvest time to sow your wheat. For you know that you must sow your wheat in advance, in order to reap when harvest time comes. Neither do you wait until your wheat is ready to cut before you order your binder. Now: It is just as essential that you order a Tractor, a Truck or a car in advance. In order to protect yourself against the disappointment that is sure to overtake you unless you place your order now. This is not "CAMOUFLAGE." It is "SIMPLE, GOSPEL TRUTH" and it applies to OLD and YOUNG alike. We are taking orders every day for this WHOLE LINE. Notwithstanding the fact that we have only recently taken over the "FORDSON" Tractor agency. Yet, with the LIMITED amount of Tractors for this territory our supply will be exhausted long before the busy season sets in. Don't take any chances. See us early, and let the other fellow "Fret" while you are working. "Motive Power" farming is here, and you only lose money by waiting.

## FIREMAN INJURED MONDAY MORNING

Theodore Arisman Injured By Falling Chimney — George Belzer Suffers Loss of Residence—Several Alarms Sunday

Hoseman Theodore Arisman was seriously injured Monday morning while fighting a fire at the residence of George E. Belzer, 1153 South Clay avenue. The residence was totally destroyed.

The alarm came to the fire department at 8:15 a. m., and the department made a good run. A line of hose was laid from the fire plug in front of the Belzer residence. This plug was found to be frozen and Chief Sam Hunt had the hose moved to the plug between Superior and Morton avenues. This plug was also found to be frozen and required another setting of the apparatus. The apparatus was then moved to South East street and connections made. The house was burning briskly by this time.

Hosemen Arisman and Simms were put on the roof near the west end of the kitchen. A chimney built on a shed toppled over when the shelf gave way and the two firemen were thrown to the ground. Arisman received a bad cut over the left eye and had both knees badly bruised. He was removed to Our Savior's Hospital and will be laid up for some time. Hoseman Simms was bruised but was able to continue work.

The house was totally destroyed with a loss of \$4,000. Mr. Belzer carried \$1,000 insurance. Most of the household goods were removed.

**Several Alarms Sunday.**  
At 9 a. m., Sunday the department answered to a call from the residence of Dr. O. J. Ogram where sparks had set fire to the roof. The damage was small and is fully covered by insurance.

At 9:15 a. m., the department made a run to the residence of S. V. Carlson, 324 South Clay avenue. It proved to be a false alarm.

At 5:55 p. m., a burning fire at the residence of Mrs. J. E. Kingsley, 239 Webster avenue, caused the department to make another run.

The department answered to a call from St. Rose convent, 463 East State street, where a fire was burning out.

Monday afternoon about four o'clock when Mrs. Harry Flynn returned home from a shopping trip she found her home full of smoke. On investigating she found a child's chair on fire and a large hole burned in the floor. John Smith ran into the house and put out the fire. The loss was fully covered by insurance. No alarm was turned into the fire department.

## BEARDSTOWN HOME IS DAMAGED

Earl Norbury Epler, local insurance man, received word yesterday that the Norbury homestead in Beardstown had been considerably damaged by fire Sunday morning. The home is one of the landmarks in Beardstown and had it not been for the shingles on the roof would probably have been completely destroyed.

This is the childhood home of Dr. Frank P. Norbury and Mrs. O. E. Kuechler. It is now the property of Mr. Epler's mother, Mrs. W. W. Epler, who is a member of the Norbury family.

## MRS. TRUE SUFFERED PAINFUL INJURY

Mrs. Robert True of Springfield is a patient at Our Savior's hospital where she was taken on account of an injury to her hand. Mrs. True was in Waverly to attend the funeral of Miss Rose Hamm and as she entered an automobile the door was slammed in such a way that her hand was caught and three fingers very badly mashed.

Mrs. True was brought to this city to the office of Dr. W. P. Duncan and was then taken to the hospital.

**WARNING.**  
All persons are requested to observe the park ordinance and use the walks in central park. Help protect the grass and shrubs.

## STATE GUARDING SECURITY SALES

Secretary of State Has In Past Months Ruled Out Offerings By Many Companies.

Louis L. Emmerson, secretary of state, has issued a letter to newspapers suggesting that great care be used about the insertion of advertising relating to the sale of securities. Under the Illinois securities law it is necessary to insert the line, "These are speculative securities" at the head of any advertising matter relating to securities which belong in Class D.

In this letter the secretary presents some interesting figures. During the past eight months securities in Class C, or those based on established income, have been approved by him to the amount of \$128,508,160, and in Class D, known as speculative, securities have been approved to the value of \$17,394,445. Securities to the amount of \$41,157,000 have been denied the right of sale in Illinois.

Further, it is interesting to note that out of 191 cases filed there were 173 cases wherein the approval of the secretary of state was withheld.

"THERE'S A REASON"

## FEWER FLU CASES THRUOUT STATE

This is Situation as Revealed by Report Director of Public Health.

The influenza situation in Illinois was greatly improved at the close of the past week, according to the report of Dr. C. C. Clair Drake, state director of public health.

"Cases of influenza reported February 11, 5,366; February 12, 4,940; February 13, 2,377; February 14, 1,214."

"At the close of the week the situation has greatly improved. So far as developments of new cases is concerned, northern Illinois is practically back to normal; central Illinois is rapidly approaching normal and southern Illinois is over the peak and improving slowly."

## Notable Reduction Reported.

From the onset of the epidemic to February 13, important Illinois cities report influenza and pneumonia deaths as follows: Chicago, 3,367; Aurora, 75; Alton, 32; Decatur, 41; East St. Louis, 64; Elgin, 28; Evanston, 25; Galesburg, 19; Joliet, 36; LaSalle, Oglesby and Perry, 32; Morine, 23; Oak Park, 42; Peoria, 48; Rockford, 91; Waukegan, 25."

## Doctor Drake adds:

"The last week witnessed a substantial reduction in the number of new cases of influenza reported throughout the country. The total cases reported to the state board of health of thirty-nine states for four-day periods ended Saturday, are as follows: "For the four days ended February 2, 2,194,562; February 6, 154,634; February 10, 114,379; and February 14, 127,118."

## Northern Condition Best.

"From data in possession of the Illinois department of public health it is quite evident that in Illinois and those states immediately east and west of Illinois the disease is rapidly declining and this is true also of New York, New Jersey, Texas, Arkansas, Colorado, Virginia and West Virginia."

"The states in which the disease appears to be increasing and nearing the peak of prevalence are the southern states, with the exception of those previously mentioned, the far western states and Massachusetts and Connecticut."

## CALIFORNIA WATER LEAVES LARGE ESTATE

David Martin, formerly a resident of this city and now living at Berkeley, Cal., has sent the following clipping from the San Francisco Examiner, which he thinks may possibly interest some residents of Morgan county. Mr. Martin recalls the fact that a number of people by the name of Hastings formerly resided in this community, and it is his thought that the man referred to in the item may have had relatives here. The clipping follows:

Because of the inability of Public Administrator Haynes to find any of the heirs of the late Harry Hastings, a waiter at the Elks Club, his \$25,000 estate is about to escheat to the State of California according to a report made to Judge Graham yesterday by Attorney Joseph E. Derham.

Hastings, according to Derham, came to this city from the East twenty years ago. He was always secretive about his personal affairs and none of his associates ever learned anything about his antecedents.

He died last August and it was found that he had amassed a fortune of \$35,000.
